KANGWON LAND

Kangwon Land

Kangwon Land is Korea's biggest integrated resort, and it is the only casino that can accept domestic as well as international visitors simultaneously, in compliance with the Special Act on Support for the Development of Closed Mine Areas. Kangwon Land Casino offers a wide range of entertainment options, including 200 gaming tables and 1,360 slot machines. The High1 Resort is situated in pristine natural surroundings and offers accommodations, condos, skiing, golf, and water parks. Casinos are diligently supervised and regulated by the government, which ensures compliance with relevant laws, guidelines, and operational requirements. In order to foster a responsible gaming environment, we have implemented a number of policies that aim to mitigate potential social ramifications. We have also commenced manufacturing slot machine hardware and software for casinos as one of the drivers of sustainable growth, and our products have been supplied to domestic and international casinos since 2019.

KL Saberi

Kangwon Land Casino, KL Saberi's team of experts and developers is dedicated to developing cutting-edge slot machines. With our extensive experience running Korea's largest casino, we have branched out into the manufacturing of slot machines. KL Saberi has developed a wide range of game genres, including unique game themes exclusive to our brand and themes that express the beauty of both Eastern and Western cultures. Our diverse offerings are designed with the purpose of satisfying customers from all over the world. Having acquired and maintained slot machines from a diverse range of global manufacturers, we have successfully implemented the concept of cabinet modularization. As a result of this strategic approach, slot machine operators can reduce operational complexities associated with device management while facilitating the hassle-free upgrading of devices.

KL Saberi Major Business
